**Profile** I am a 3d artist specialising in visual Effects, compositing and hard surface modelling. I grew up in England and I live in London. I am a creative, enthusiastic artist with a passionate desire to create imaginative results who works well individually or as a team member. I use the latest technologies to visualise my ideas in a powerful and dramatic style.

---

**Characteristics** I have been involved in scouting since my childhood, and now I am a scout leader. Being a scout leader requires me to excel at time management, self reflection, confidence and organisation, as well as demonstrating considerable trust in looking after young people. Through this experience I have developed the essential leadership and teamwork skills that are vital in my field.

---

<b>Skills</b>	Hard surface modelling and Clean UVs	Motion and graphic design

	Composition and Rendering for VFX	HDRI
	Character TD	Photography

---

<b>Tools</b>	Autodesk Maya	Adobe illustrator	HDR Shop
	Autodesk 3dsmax	Next limit Realflow	
	Adobe After Affects	E-on-software Vue xstream	
	Adobe Photoshop	PF Track	

---

**Employments** **TV Broadcast graphic designer, compositor and animator**  
**Company name: Al Hiwar TV, London / Period: 2006 – 2008**  
My role in this job was to create generics, adverts, graphic design layouts, and common graphics for the channel. Working in TV broadcasting I have come to realize the challenges faced in the industry, having to meet very tight deadlines while achieving professional quality work while balancing multiple tasks simultaneously. The experience has improved my visual and conceptual skills and taught me the importance of teamwork and time management.

**Freelance work:**  
**Period: 2001 to 2006**  
In these five years I have worked as a freelancer in multimedia design and have created a range of multimedia work for companies and organisations. These include advertisement packages, website designs, graphic designs, leaflets, posters and interface designs.

I have applied my 3d skills in architectural visualisation, walkthroughs, animated logos, websites, animations, advertisements, and hard surface modelling. I have also freelanced on media production for several events that took place in some of the biggest venues in Britain, such as the Royal Albert Hall, Wembley Arena and Wembley conference centre.
